INTRODUCTION

THE purpose of this publication is to direct all persons interested to an orderly and permanent compilation of names and records of those from Allegheny County, Pennsylvania, who, during the War for the Suppression of the Rebellion, so heroically tendered their services that the Union of the States might be perpetuated.

The compilation contains, in alphabetical order, the name and official record of every man (so far as we have been able to ascertain), who served in the United States Army or Navy from Allegheny County, Pennsylvania, during the time of the War of the Rebellion, 1861-1865, giving the rank and organization in which the service was rendered, naming the company, regiment, battalion, battery or war vessel. The number of the tablet on which his name appears in Memorial Hall is also noted. Thus is placed in easy access information which is so often desired by persons having the name of the soldier only.

In addition are listed the names of the United States Colored Troops, also the Emergency Men who volunteered during that period, from Allegheny County, Pennsylvania, in defense of the State.

The locations of the mural tablets on the walls of the Memorial are as follows:

Nos. 1 to 13 inclusive, in West Corridor.
Nos. 14 to 32 inclusive, in North Corridor.
Nos. 33 to 43 inclusive, in East Corridor.
Nos. 44 to 61 inclusive, in South Corridor.

Number of names appearing on the tablets	23,885
Number of U. S. Colored Troops listed	27
Number of Emergency Men listed	2,018
Total Number	25,930

Attention is especially called to the cut of Soldiers', Sailors' and Marines' Memorial, used as the frontispiece of this volume. This magnificent Memorial was the result of efforts made by members of the 28 Posts of the Grand Army of the Republic, located in the County, who secured the necessary legislation leading to an overwhelming majority vote of the electors authorizing the purchase of the site and erection of the building in the City of Pittsburgh, at a cost of $1,652,500.00.

The authority for the purchase of the ground, erection of the building, government and maintenance thereof, is found in the laws of Pennsylvania, Act No. 106, approved by Samuel W. Pennypacker, Governor, April 12th, 1905; and amended Act No. 208, approved by John K. Tener, Governor, May 23d, 1913.

The grounds on which the Memorial is located constitute an entire city square, with a frontage of 280 feet on Fifth Avenue and extending back 589 feet to Bayard Street.

The vision of the authorities who were responsible for the erection of this Memorial gave the building a proper setting, the like of which very few structures in this country possess.

Messrs. Palmer and Hornbostel of New York, were the architects selected. The building was erected under the personal direction of Mr. Henry Hornbostel, now of Pittsburgh, Pa,; and James Graham Chalfant, County Engineer, now deceased; with Engineer David Leland Wright, Superintendent of Construction.

The building, a magnificent architectural structure, completed in 1910 and dedicated with appropriate ceremonies on Oct. 11th of that year, is 240x210 feet and contains two large rooms for the free use of the Posts of the Grand Army, the Union Veteran Legion, and their Auxiliaries; an Auditorium having a seating capacity of about 3,000 and a Banquet Hall seating 900, with a fully equipped kitchen, together with office, library, committee and other rooms. A wide corridor extends around the entire Auditorium, upon the walls of which are placed the mural tablets above referred to, giving the organization, the name and rank of each individual soldier or sailor from Allegheny County, who served in the Union Army or Navy during the War for the Suppression of the Rebellion, 1861-1865. The contemplated mural decoration on the wall back of the platform was omitted and in its place Lincoln's address at Gettysburg was substituted. The size and dignity of the printed address on the wall emphasizes this masterpiece of President Lincoln.

On the front of the building are two stone tablets bearing these inscriptions:

"THE WAR FOR THE UNION
IS THE PEOPLES CONFLICT
TO MAKE CERTAIN
WHETHER
THERE SHALL BE PRESERVED
IN THIS WORLD
THAT FORM AND SUBSTANCE
OF
GOVERNMENT
THE OBJECT OF WHICH
IS TO REMOVE
THE OBSTACLES
FROM
THE PATHWAY OF ALL,
TO OPEN THE AVENUES
OF
HONORABLE EMPLOYMENT
FOR ALL,
AND
TO GIVE ALL
AN UNFETTERED START
AND
A FAIR CHANCE
IN
THE RACE OF LIFE"

Abraham Lincoln

"ERECTED BY
THE PEOPLE
OF
ALLEGHENY COUNTY
TO EXPRESS
TO
POSTERITY
THEIR APPRECIATION
OF
THE COURAGE,
THE LOYALTY
TO THE GOVERNMENT,
AND
THE DEVOTION
TO FREEDOM
OF
THE SOLDIERS
AND SAILORS
WHO ENLISTED
FROM
THIS COUNTY
AND
FOUGHT
TO MAINTAIN
THE AMERICAN UNION
1861-1865."

The figure of "Victory" over the main entrance and the two bronze tablets in the main vestibule are sculptural works of note and were done by Mr. Charles Keck of New York. One of these tablets is to the memory of the corps of telegraphers from Allegheny County, organized by Mr. Andrew Carnegie, whose picture appears in the center of the group; and the other tablet is a record showing those interested in the creation of this monument.

The following inscriptions appear upon the walls of the Auditorium:

"PITTSBURGH
SUBSISTANCE
COMMITTEE
ORGANIZED
AUGUST 1861
DISSOLVED
JANUARY 1866
SUSTAINED BY
VOLUNTARY
CONTRIBUTIONS
OF THE
CITIZENS."

"409,745
SOLDIERS
ENTERTAINED
IN
THIS HALL
79,460
SICK
AND
WOUNDED
PROVIDED FOR
AT THE
SOLDIERS' HOME
TOTAL
489,205."

These are copies of the original inscriptions placed on the walls of the Old City Hall on Market Street, Pittsburgh, commemorating the memory of the good men and women whose lot it was to remain at home and who served the cause so admirably.

The memory of those who served during this war is appropriately perpetuated through the recent erection of two bronze statues at the main entrance to the building; the one to the right, a soldier at "Parade Rest" and the other, to the left, a sailor on the "Look Out," representing the Civil War period. These statues are of heroic size, ten feet in height, resting on a six inch bronze plynth, with a granite foundation; and were erected April 27th, 1923, and unveiled with fitting ceremony May 5th, 1923. The sculptor was Frederick C. Hibbard of Chicago, Illinois. The purchase and erection of these statues was made possible through a special appropriation by the County, approved by the Grand Jury and the Court of Quarter Sessions, as provided for in the Act. They are indeed a worthy addition to this splendid Memorial.

The Memorial faces Schenley Park, while near by are the imposing buildings of the Carnegie Library, Carnegie Institute of Technology, University of Pittsburgh, General Albert J. Logan Armory, Pittsburgh Athletic Association, University Club, Masonic Temple and Syria Mosque, all of which are fine specimens of architecture.

The government of the Memorial, as provided for in the Act, is by a Board of Managers, composed of fifteen members, constitued as follows: ten Civil War Veterans, two Judges of the Common Pleas Court (the President Judge and the next in rank),

and the three County Commissioners. The Judges and County Commissioners are members by virtue of their office or position. The ten veterans are empowered to fill the vacancies in their numbers as these vacancies occur. While these ten members of the Board are all veterans of the Civil War, they may be replaced from other sources.

The Board of Managers of Memorial Hall was organized March 27th, 1906. From time to time since its organization vacancies caused by death or otherwise, were promptly filled, as provided by the Acts of Assembly governing the Hall.

The following named persons have been members and served for a time on the Board of Managers:

Thomas J. Hamilton, Veteran, resigned, removed from the County and State.

Samuel M. Evans, Veteran, now Superintendent of the Building and Grounds.

Pennsylvania's Part in the War to Preserve the Union of the States

1861 - 1865

The author considers it appropriate that as a fitting conclusion to the foregoing record a brief summary of the activities of the State of Pennsylvania (of which Allegheny County forms a part) should be recorded.

Fort Sumter was fired on by the Confederates April 12th, 1861, this act opening the armed hostilities between the North and the South. Three days later, April 15th, 1861, President Lincoln issued his memorable call for seventy-five thousand men in defense of the Union, at which time the Capitol at Washington, D. C., was without any military protection.

History records the prompt response from all loyal States, but Pennsylvania may well be proud of the fact that on April 18th, 1861, at 7 o'clock P. M., five hundred and thirty soldiers of the Keystone State arrived at Washington, D. C., and were quartered for the time being, in the Capitol Building, these being the first State organizations to arrive in defense of our National Capitol.

The following resolution was passed by Congress in recognition of this prompt response:

> "37th Congress of the United States, July 22nd, 1861.
>
> RESOLVED, That the thanks of this House are due, and are hereby tendered to the Five Hundred and Thirty Soldiers from Pennsylvania, who passed through the mob at Baltimore, and reached Washington on the Eighteenth of April last, for the defense of the National Capitol.
>
> *Galusha Grow,*
>
> Speaker of the House of Representatives.

The 530 men referred to comprised the following named organizations:

The Logan Guards, Capt. John B. Selheimer of Lewistown, Pa.

The Allen Rifles, Capt. Thomas Yeager of Allentown, Pa.

The Washington Artillery, Capt. James Wrenn of Pottsville, Pa.

The National Light Infantry, Capt. Edmund McDonald of Pottsville, Pa.

The Ringgold Light Artillery, Capt. James McKnight of Reading, Pa.

As a matter of history, the 6th Regiment Massachusetts Troops and the 26th Regiment Pennsylvania Volunteers arrived at the Capitol at 9 P. M., April 19th, and the 7th New York Volunteers, April 25th, closely followed by other troops in answer to the President's call.

"The greatest battle of the war was fought on the soil of Pennsylvania, and by well ordered fortune the first volley to greet the invading foe flashed from the rifles of a Pennsylvania Regiment. To the 56th Pennsylvania Infantry, Colonel J. W. Hoffman commanding, belongs the historic honor of firing the first volley on the field."

The following quotation from Fox* is of more than ordinary interest: "The percentage of killed in the soldiers of the Keystone State, as based upon the white troops, is greater than in the quota of any other Northern State. This high percentage of loss in battle was largely due to the fact that nearly all the Pennsylvania troops served in Virginia, where the territory was better contested and the war more prolonged. Then, again, the Pennsylvania Regiments were second to none. The Cavalry of the State were, as a whole, unsurpassed; they saw plenty of hard fighting, and their total losses in action exceed the Cavalry losses of any other State."

In answer to the first call of President Lincoln for 75,000 men for three months, Pennsylvania furnished

2 Independent Companies of Field Artillery.

1 Independent Company of Cavalry (Philadelphia Troop)

3 Independent Companies of Infantry, and

26 Regiments of Infantry; with an enrollment of 20,460 men.

THREE YEAR SERVICE

101	Regiments of Infantry for three years having an enrollment of	153,199
21	Regiments of Cavalry for three years having an enrollment of	46,250
1	Regiment Light and 2 Regiments of Heavy Artillery for three years having an enrollment of	12,637

* "Regimental Losses in the American Civil War," By William F. Fox.

1 Independent Company of Infantry for three years, acting as Engineers, with an enrollment of	172	
Total of		215,322

All recruits assigned to the various regiments and organizations are included in this summary.

Inducements were offered by the War Department at the expiration of two years service for re-enlistment as Veterans, a forty day furlough being one of the provisions. The offer was accepted by a very large percentage of the troops then in the field. Nearly all the regiments that volunteered in 1861 re-enlisted for another three years and were known as Pennsylvania Veteran Volunteers, keeping their organization and number until the close of the war. Fox gives the total number of re-enlistments in the field as 136,000, not designating the number from each state. These re-enlistments, or any part of same, you will note, are not considered in our summary.

Fox, in his tabulation of losses in the Civil War on troops furnished uses the three year standard and bases his figures on Pennsylvania Troops as		214,427
Killed or mortally wounded		15,265
Deaths from all other causes		17,918
Including—Died of Disease	11,782	
Died of Disease in Confederate Prisons	4,119	
Deaths from accident and drowning	636	
Deaths from all other causes except Battles	1,381	
Total Deaths		33,183
Giving the per cent of losses		15.4

ONE YEAR SERVICE

17 Regiments of Infantry for one year showing an enrollment of	19,766	
21 Companies of Infantry for one year were enlisted early in 1865 but not consolidated with the Regiments to which they were assigned, numbering	2,193	
2 Regiments of Artillery for one year with an enrollment of	4,119	
Total		26,078

NINE MONTHS SERVICE

34 Regiments of Infantry for nine months with an enrollment of	32,631

SIX MONTHS SERVICE

4 Regiments for six months with an enrollment of	3,155

SIXTY DAYS SERVICE

7 Regiments for sixty days with an enrollment of	7,186
Total enrollment of white men for one year and less	69,050
Pennsylvania also furnished:	
11 Regiments of United States Colored Troops for three years, with an enrollment of	12,825
Making the total number of troops furnished by Pennsylvania in support of the Union cause in the Civil War	297,197

(This total does not include Militia or Emergency Men referred to later).

Commissioned Officers appointed from Pennsylvania and served in the various branches of the *United States Service.* In addition to the Commanding Generals were Judge Advocates, Aide de Camps, Assistant Adjutant Generals, Assistant Quartermasters, Commissaries of Subsistence, Signal Corps, etc., as follows:

Major Generals	11
Brigadier Generals	37
Colonels	4
Lieutenant Colonels	1
Majors	172
Captains	288
1st Lieutenants	51
2nd Lieutenants	13
Total	577

A total of 12,043 Pennsylvania Commissioned Officers served in the field in the various regiments, battalions, companies and Departments in the Army.

The reader may ask the reason for the organization of the Militia or Emergency Men. During the year of 1861, there was little call, but in 1862 the situation in Pennsylvania became more grave, especially along the borders of Virginia and Maryland. This will be better understood from the following quotations from Bates:

"On the 4th day of September 1862, Governor Andrew G. Curtin issued a proclamation, calling on the people to arm, and prepare for defense. He recommended the immediate formation of companies and regiments throughout the Commonwealth. And, for the purpose of drill and instruction, that after 3 P. M. of each day, all business houses be closed.

"On the 10th, the danger having become imminent, the enemy being already in Maryland, he issued a General Order calling on all able bodied men to enroll immediately for the defense of the State, and to hold themselves in readiness to march upon an hour's notice; to select officers, to provide themselves with such arms as could be obtained, with 60 rounds of ammunition to the man, tendering arms to such as had none, etc."

"On the following day, acting under authority of the President of the United States, the Governor called for Fifty Thousand men directing them to report by telegraph for orders to move, and adding that further calls would be made as the exigencies should require. The people everywhere flew to arms and moved promptly to the State Capitol."

The State was later divided into Military Departments. That portion of Pennsylvania west of Johnstown and the Laurel Hill range, and portions of West Virginia and Ohio, with headquarters at Pittsburgh, assigned to the command of Major General William T. H. Brooks. Another Department taking in the eastern part of the State with headquarters at Harrisburg, assigned to the command of Major General Darius N. Couch.

The situation which then prevailed is readily realized, and this in various degrees remained much the same until nearly the close of the war.

The following incident will give the reader some idea of the enthusiasm which at times prevailed in and about the recruiting stations.

At Harrisburg a small company of men marched up the street, bearing three colors; one, a small, worn and tattered silk flag, and the others new and fresh. As they approached, it was learned they were very old men marching to the Capitol. There were seventeen in all, members of the Soldiers' Association of 1812. The oldest was seventy-six and the youngest sixty-eight. Every man had served in the War of 1812, and had belonged to the regiment commanded by General Foster, who is remembered with respect and affection as one of the best citizens of this (Dauphin) county. They were reviewed by General Scott, at Baltimore, after he was wounded. He rode up and down the ranks with his arm in a sling. The tattered flag was borne by a Pennsylvania regiment, at the battle of Trenton in 1777, and has been cherished in Harrisburg ever since that time. These veterans marched up to the Governor's room, and tendered their services for the emergency. They wished to be put behind entrenchments, but if any other and harder service was required of them, they would cheerfully attempt it. In a few appropriate words they addressed the Governor, and he accepted them. The only favor they asked was to be armed with the old flint-lock musket, such as they carried when they were young. It was a grand and inspiring sight. When they came out of the Governor's room, they marched according to the old fashion, in single file. They kept their places, and kept step and obeyed orders with a precision that the drill they had gone through in those stirring times, had gone not merely to the ear, but to the heart.

In many places along the borders of Pennsylvania are monuments marking events of the war which caused much suffering. This the visitor will observe in scores of places in and about Gettysburg. One of a more isolated section was that of Chambersburg, Pa., which is shown by an inscription on a granite block erected by its citizens, and is as follows:

"Chambersburg Founded A. D. 1764
Burned by Rebel Cavalry July 30, A. D. 1864
Destroyed
Buildings 537
Value of Real Estate $713,294.34
Value of Personal Property $915,137.24."

These Emergency Men were called out on short notice, and were more especially organized for defense of the Home and State, but when necessity required, which was sometimes the case, they served with the regular forces.

25	Independent Companies of Cavalry	2,315	
16	Independent Companies of Artillery	1,965	
			37,987
	Total		64,174
	Total number of men furnished by Pennsylvania, both National and State		361,948

Pennsylvania was deprived of the credit for a goodly number of men due to the fact that when calls were issued by the General Government for troops early in the war, the response of the State was so prompt that the quotas were quickly filled leaving individuals, squads and sometimes companies, who, being refused by Pennsylvania, sought admission to the army through other states. It would be difficult to even approximate the number thus entering the service from our Commonwealth, but the record for Allegheny County alone shows the following:

To Maryland	178
To New York	221
To West Virginia	450
Total	849

It would seem both appropriate and interesting to have closed with a brief record of Pennsylvania's credit in the accomplishments of the United States Navy during these years, 1861-1865, but conditions will not permit. Suffice it to say, the Keystone State acquitted herself admirably both on *land* and *sea.*
